

2022 PGA TOUR Hawai'i Events | Pre-Travel Testing Requirements

In preparation for the upcoming events in Hawai'i (Sentry Tournament of Champions and SONY Open), please be aware of specific testing and travel requirements for the state of Hawai'i.

As you are aware, individual states and local authorities may have specific requirements and protocols that we must follow when we are conducting our events. Outlined below are the requirements for our events being held in Hawai'i.

Note: Each step must be followed before boarding a flight to Hawai'i.

1. **SAFE TRAVELS HAWAII REGISTRATION:** Prior to departing for Hawai'i, all travelers must complete the State of Hawai'i's Safe Travels program application form. Follow the steps below to ensure a seamless arrival process.
 - a. Create an account or log in to your account from 2021 at: <https://travel.hawaii.gov>. You will input your personal information, arrival, and departure details.
 - b. When prompted, upload your vaccination card and/or your negative COVID test results.
 - c. Within **24 hours** of your departure, please log-in to your account and answer the health questionnaire. Once completed, you will be e-mailed a QR code. You may take a screen shot, print, or log back into the Hawaii Safe Travels site to retrieve.
 - d. Show the QR code at your last departure city to get your Pre-Clear wristband. Your Pre-Clear wristband will allow entry to Hawaii as normal. If your specific airline does not provide a Pre-Clear wristband, have your QR code readily available for entry.
