Miscellaneous Info: Sustainability Positively impacting the Northeast Florida community is a priority of THE PLAYERS Championship, and this year we have committed to creating positive outcomes for our local environment as part of that. In 2022 THE PLAYERS Championship is reducing our greenhouse gas emissions, diverting more materials from landfill, and tracking our stakeholder footprint. We are

implementing several sustainability improvements:

- All players and caddies will have access to refillable SIC water bottles.
- Transitioning all single use plastic water bottles in player and caddie areas to 100% recyclable aluminum water bottles.
- Refillable water and Powerade stations on hole #2 and hole #10, as well as refillable water stations in Pub 17, Caddie Lounge, Caddie Services, and the Player Performance Studio. Your support and participation in these efforts plays a key role in our organization's mission to reduce our environmental footprint and positively impact the communities where we play.
