Pods of vehicles for player and caddie evacuation only (1-8)
The people to be evacuated are players, caddies, volunteers, and spectators (in that order).

MARSHAL PICK UP

2025 PCCC EVACUATION PLAN

In the event of a suspension of play, any available courtesy cars and vans will be utilized to evacuate the golf course. Also, there are vehicles stationed at certain locations on the golf course. These vehicles will be designated with a green X on the windshield. These are to be used only when play has been suspended due to inclement weather.

The people to be evacuated are players, caddies, volunteers, and spectators (in that order). The following instructions are to be used when a single blast is heard (one long note of their air horn is an immediate suspension of play for a dangerous situation.) Players will be resumed with two notes of the air horn.

Players, caddies, walking scorers, and standard bearers should go to the following areas for transportation (keys will be above the sun visor of each parked vehicle:

Please leave keys in ignition after arriving at clubhouse with evacuation vehicles)

Hole	Location	Action
1	Green	Walk to blvd for shuttle pick up
1	Tee, Fwy	Walk to the clubhouse
2	Tee, Fwy	Walk to the blvd for shuttle pick up
