AGRONOMY

Golf Course Superintendent: Kevin Malloy
PGA TOUR Agronomist: Collier Miller

TPC Colorado is in excellent condition as it prepares for tournament week. A favorable spring rain season has contributed to thick rough and tall native grasses throughout the course. The fine turf surfaces are healthy and tournament-ready. Notable updates from 2024 to 2025 include trimming the rough around tee boxes to an intermediate length and the construction of a new waterfront restaurant near the 10th tee, which will eventually allow for two additional tee boxes. Overall, the course is well-positioned to deliver another strong championship test.

Quick Facts:

- The greenspeed will be in the range of 11.0 – 11.5 feet.
- The tees will be mowed at 0.325 inches, fairways at 0.375 inches and approaches at 0.225 inches.
- The intermediate rough will be mowed at 1.25 inches, and the primary rough will be maintained at 3.5 inches.
